DEALERS WIN WITH SOLIS

1. A Profitable Primary or Secondary Line

Solis lets you fill gaps in your lineup—whether you need a value-driven flagship brand or a complementary second line that boosts unit turns without cannibalizing premium inventory.

2. High-Spec Machines at a Lower Price Point

Robust, ISO-certified manufacturing. Feature-rich (4WD, hydrostatic steering, rear remotes, deluxe operator station, etc.) included as standard. Comparable quality to major OEMs—often thousands less per unit

3. Turn-Key Co-Op Advertising

In-house Solis marketing team handles the paperwork and creative, so you don't have to. Generous co-op percentages that stretch your ad dollars. Integrated digital, print, and event packages ready to launch within days

4. Dealer-Friendly Floorplan

Extremely competitive and interest-free floor plans

5. Large Exclusive Dealer Territories

An exclusive, large dealer territory gives you the freedom to grow your market without competing against nearby Solis dealers.

“WE MAKE IT EASY TO DO BUSINESS WITH”

6. Global Parts Pipeline & Service Resources

All parts located at U.S. distribution centers for fast turnaround. Dedicated dealer technical hotline, online manuals, and on-site training options

7. Attractive Retail Financing

0% APR Financing for 84 Months on select models. Other long-term, low-interest consumer plans—simple e-application and same-day decisions.

8. Industry-Leading Warranty

7-year limited powertrain coverage and 3-year full tractor warranty (transferable). Minimal exclusions and hassle-free claims process

9. Vertically Integrated Attachments & Implements

Full Solis-branded PTO and hydraulic implements engineered to match each tractor model. Built-in margin on bundled “tractor + attachment” packages that move whole-goods and parts together

10. High-End Features, Low-End Prices

Get more tractor for your money — Solis offers premium features at a lower price point delivering the quality and reliability you’d expect from top-tier brands — at a fraction of the cost.

Solis offers a comprehensive, turn-key co-op advertising solution for its dealers. With a dedicated in-house marketing department, Solis can manage every aspect of your co-op advertising needs—streamlining the process and eliminating the hassle. From developing a tailored marketing plan based on your specific market and budget to designing and executing the full campaign, Solis partners directly with dealers to deliver results from start to finish.

ad campaigns**

**A one-stop
solution** for all
of your marketing
needs

Solis offers a robust co-op advertising program designed to help dealers move more tractors with greater marketing support and minimal hassle.

By partnering with Solis Marketing, dealers receive:

- Attractive dealer co-op splits - empowering partners with strong marketing support and enhanced profitability
- Dealer-only financing – Dealers pay only their portion, improving cash flow
- Flexible monthly payments – Makes advertising more budget-friendly and accessible
- Turn-key execution – Solis handles all creative development and co-op paperwork, saving time and simplifying the process

This enhanced program provides dealers with a streamlined, low-effort way to execute high-impact marketing campaigns tailored to their local market.

NO INTEREST CHARGES FOR 9 MONTHS!

Floor plan financing is a type of short-term loan that allows Solis dealers to stock inventory without paying for it upfront. Instead, the dealer works with a financing partner (DLL) to purchase tractors and equipment on credit. Here's how it works and why it's beneficial:

Interest Free 270 Days from DLL.

HOW IT WORKS:

1. Dealer Orders Units

The dealer selects Solis tractors or attachments they want to stock.

2. Financing Company Pays Solis

An approved floor plan lender pays Solis directly for the units on the dealer's behalf.

3. Interest/Fees Apply

Interest accrues over time, but Solis may offer interest-free periods or subsidized plans depending on the dealer agreement and promotional periods.

Solis' 270-day interest-free floor plan maximizes inventory flexibility and minimizes carrying costs.

PARTS AVAILABILITY

U.S. Distribution Hub

Solis USA maintains a nationwide distribution network through its corporate headquarters in Rome, GA and over 1,800 global dealers—ensuring fast, reliable delivery of genuine Solis components

High-Quality Assurance

Every replacement part—from filters and engine components to hydraulics—is precision-engineered to original specifications, crafted from durable materials for longevity in harsh environments

Reduced Downtime

Dealer locations stock essential parts and benefit from rapid regional deliveries, while Solis USA's mobile service units and 24/7 technical support help resolve service issues quickly

Ordering & Fulfillment Process

Dealers and customers can identify part numbers using online catalogs, dealer portals, or via the “Solis Genius” expert hotline

Place the Order

Dealers: Order through the Solis dealer portal via their preferred regional warehouse or directly from the U.S. HQ.

End Users: Can order parts through authorized dealers—even after hours via email or hotline contact

Delivery

Local warehouse deliveries often arrive within 1–2 business days.

92% FILL RATE
TURNAROUND TIME IS 48 TO 72
HOURS FOR THE SHIPMENT

SERVICE & SUPPORT

Solis is committed to providing U.S. dealers with comprehensive, reliable, and responsive service support designed to keep both dealers and customers confident in the brand. Every dealer is assigned a Solis territory manager or point of contact who coordinates support across sales, service, marketing, and finance. Here's how Solis supports its dealer network:

Technical Service Support

Dealer Technical Hotline (Solis Genius):

Immediate phone support for diagnostics, repairs, and troubleshooting, staffed by trained Solis technicians.

Service Training Programs:

Hands-on and virtual service training for dealer technicians, including initial onboarding, model updates, and advanced diagnostics.

Service Manuals & Documentation:

Access to detailed service manuals, technical bulletins, wiring diagrams, and repair videos via the dealer portal.

Field Service Assistance:

Regional service reps and mobile technicians available to assist dealers with on-site problem resolution and complex repairs.

Dealer Onboarding & Support

New Dealer Onboarding Kit

Includes point-of-sale materials, service checklists, warranty registration tools, and key contacts.

Marketing + Service Collaboration

The Solis in-house marketing team works in tandem with service teams to promote seasonal service specials and build service bay business for dealers.

Field Service Tech Network

In certain regions, Solis offers field service techs who can assist with major repairs or conduct on-site visits to help dealers handle overflow or complex issues.

Solis offers competitive consumer financing offers:

1. Zero-Down & Deferred Payment Deals

U.S. campaigns regularly include \$0 down financing—making it easy to take a Solis tractor home without upfront cost

Some offerings go further with deferred payments, such as 90 days before the first payment, coupled with low interest rates (e.g., 4.99% over 60 months) .

2. Introductory 0% Financing

Selected models like the H24+ qualifies for 0% financing up to 84 months***

3. Hobby-Farmer-Friendly Rates

For smaller-plot users, Solis offers competitive 4.99% APR over 60 months, often with zero down and a 90-day deferred first payment on models like the H24 Hydrostat

What This Means for Buyers

No large upfront -> Easier entry for tight capital budgets.

Flexible payments -> 90-day or longer deferment helps with seasonal income cycles.

Low total interest -> 0%–4.99% deals greatly reduce cost of ownership.

Peace of mind -> Apply easily via dealer or online pre-qualification channels.

How to Access These Offers:

Financing is facilitated via trusted partners like DLL (for inventory/floor plan and retail), Alabama Credit Unio (ACUSI), and regional dealers

Dealers advertise direct application options (“Get Financing” buttons) and can prequalify customers online with a soft pull for credit .

The Solis warranty program is one of the strongest in the industry, offering peace of mind to both dealers and customers. With up to 7 years or 3,000 hours of powertrain coverage and 3 years or 2,000 hours of full tractor protection, Solis stands firmly behind the durability and quality of its machines. This comprehensive warranty not only safeguards major components like the engine, transmission, and hydraulics, but also minimizes long-term ownership costs. For dealers, it becomes a powerful selling point—helping close deals faster and ensuring customers feel confident in their investment. Backed by a fast, hassle-free claims process and a robust network of service and parts support, the Solis warranty isn't just a promise—it's a proven advantage.

Bumper-to-Bumper (Complete Tractor)

3 years or 2,000 hours, whichever comes first. Coverage includes all major systems: engine, transmission, hydraulics, electrical, etc.

Powertrain Warranty

7 years or 3,000 hours, whichever comes first. Protects the heart of the machine—including engine and drivetrain

SOLIS TRACTORS BRAND

Solis offers a comprehensive suite of attachments and implements—from loaders and mowing decks to heavy-duty soil-prep tools and utility trailers—all designed in-house for seamless integration. Built tough, easy to use, and backed by dealer support, they help dealers sell full-package solutions and customers complete turnkey tractor setups.

Engineered for perfect tractor fit – ensuring seamless PTO, hydraulic, and hitch integration

Built tough – made from high-grade steel with anti-corrosion finishes, quick-attach systems, and user-friendly controls

All-season efficiency – from mowing and grading to tilling, hauling, and snow clearing—cutting labor and equipment needs

Single source support – sold and serviced through the same Solis dealer network, maintaining warranty compliance and parts continuity

From durable attachments to versatile implements, Solis delivers a complete solution—built to work, built to last, and ready for any task.

SOLIS IS JUST GETTING STARTED!

MORE HORSEPOWER MODELS COMING SOON!

Solis is just getting started with its tractor model offerings, and the future looks promising. In the near term, the company is gearing up to introduce new mid-range models in the 36 HP, 50–60 HP, and 75 HP segments, expanding its lineup to better meet the needs of diverse agricultural and property-management tasks. Looking further ahead, Solis has even bigger plans—by next year, it aims to launch higher-powered models in the 90 to 120 HP range. These additions will significantly broaden Solis's capabilities, enabling it to serve larger-scale operations and more demanding workloads. With this strategic expansion, Solis is positioning itself as a versatile and robust brand in the tractor market.
